

HSM Receives \$242 Million From Benefactor

Unexpected Windfall Leaves Community Stunned

HSM executive directors, and a few of the more active regular HSM members, sat together at a corner table in Glory Days restaurant in Manassas last Friday to discuss the unexpected news that an unnamed benefactor has willed his entire estate to HSM amounting to over \$242 million. The benefactor had been a home builder who had profited greatly from hiring illegal aliens. Ridden with guilt, he chose to give HSM his gift as compensation. "We are now up there with national advocacy groups like the NRA," chirped HSM President, Greg Letiecq, a man who has come under a good bit of fire lately for his anti-illegal alien activism.

strengthen HSM's impact in the Prince William community, have been on the drawing board for a few months. "Now, we'll be able to move full speed ahead with them," offered Steve Thomas, HSM's Operations Director.

HSM Going High-Tech

Although *The Front Line* cannot officially report it, rumors are circulating that HSM will be contracting with GlobalSpyMaster, an international satellite reconnaissance company, and with software giant FeatuRec, a facial recognition software developer that will interface with GlobalSpyMaster's satellite imagery to track illegal aliens coming in and out of Prince William County.

Letiecq Addresses United Nations

His Skillful Rhetoric Wows the World

Responding to a request by the Secretary General of the United Nations, Greg Letiecq, President of HSM, spoke to the United Nations assembly last week as part of the *Global Forum on Migration and Development*. His topic was "The Impact of Illegal Migration on Local Communities." UN Secretary General Ban Ki-Moon indicated Letiecq was identified to speak due to his qualifications which became known following his recent "Nativist" selection.

HSM Garner's Nobel Peace Prize

Work in Self Repatriotization of Illegal Immigrants is Recognized

Following in the footsteps of Al Gore, Mother Teresa, Albert Schweitzer, Dr. Martin Luther King, and Henry Kissinger, the Norwegian Nobel Committee has announced our very own Help Save Manassas has won the 2008 Nobel Peace Prize. HSM was selected from one of the largest fields ever of nearly 200 nominations for our efforts in self repatriotization of illegal immigrants as a means of advancing economic and social opportunities in underdeveloped nations.

World leaders, President Bush among them, congratulated Help Save Manassas. Greg Letiecq, HSM President said in a statement he was "deeply honored ... We face a true world-changing opportunity. The illegal immigration crisis offers a unique nexus of liberation and restoration. Illegal immigrants are liberated from their chains as mod-

ern day slaves of American commerce, and are freed to propagate capitalism, free enterprise, and other norms learned in this country in their own home country."

In addition to the gold metal recipients receive approximately \$1.5 million. The ceremony presenting the Nobel prize will be on December 10, in Oslo, Norway.

Illegal Alien Day Laborers at Woodbridge 7-11

A Unique One Day Seminar

Help Save Manassas is pleased to announce a unique one day learning opportunity for its members.

Dr. Augustus J. Dupree, Founder and Director of the Center for Black Liberation Theology (BLT), will conduct the morning program titled "When You Are A Hated-Group." Drawn from his extensive personal experience with the Black Panther Party, his relationship with the late Malcolm X, and his years as pastor of the Church of the Mixed-Race Jesus, Dupree will instruct us in how to effectively use our victimhood to garner sympathy for the purpose of fund raising and lobbying legislators.

The afternoon session will be led by Marcus L. Smithwick, President of the Californians Hurt by Illegal People Society (CHIPS). A strong and outspoken advocate of law enforcement and border control, Smithwick has been labeled a racist, a xenophobe, a nativist, anti-Semitic, biased, illiberal, intolerant, narrow-minded, opinionated, prejudiced, sectarian, small-minded, white-supremacist, prudish puritan, segregationist, male chauvinist pig, waspish, diehard dogmatist, extremist, persecutor, fanatic, klansperson, sexist, flag-waver, freak, jingoist, maniac, stupid mule, no-neck, partisan, red-neck, sectarian, lunatic, right-wing fanatic nutcase, unfair, sickening uber-patriot, butthead, zealot, John Bircher, and "The Grand Dragon." Smithwick will lead a session titled "Developing Thicker Skin."

Sandwiched between BLT and CHIPS, HSM will provide a box lunch as we shuffle Dr. Dupree out the back door and welcome Mr. Smithwick through the front door, hoping they don't inadvertently bump into one another.
